Barring Drive Assembly for T55910 EMD Barring Over Tool

Item #3 In Picture

T55910

Pneumatic Barring Over Tool With Remote Control for EMD Engines With Governors

This tool includes an EMD Starter motor housing and gear that has been modified to accommodate an air operated drive motor. The air motor is reversible allowing barring of the engine in both directions.

NOTE: The starter motor must be removed to allow for use of this tool. Oil motor daily with SAE 10 Oil.
