

Weld Shear

WS10

Stanley's powerful yet light-weight Weld Shear is the ideal tool for shearing thermite welds with a shearing force of over 20,000 lbs (89,000 Nm).

The WS10's efficient design allows welds to be sheared prior to dismantling the weld mold, decreasing the time to set up and increasing productivity.

The in-line pump handle eliminates rocking of the shear on the rail during shearing operation.

Model WS10200 Shown

Features

- 10 Ton / 9 Metric Tons shearing force.
- Controls placed away from shear for operator safety.
- Efficient hand pump.
- 4 self-locking hold downs.
- In-line handle.
- Replaceable rollers.

Specifications

Weight	100 & 110 lbs (45 & 50 kg)
Length	29 & 32.5 in. (73.7 & 82.5 cm)
Width	19 in. (48.3 cm)
Hyd. Pressure	2000 psi (140 bar)
Flow Range	3-10 gpm (12-38 lpm)
Shear Force	20,000 lbs (89,000 Nm)

Order Information

WS10200, Hand Pump Weld Shear
WS10100, Powered Weld Shear
WS10301, Powered Weld Shear
WS1010001, Powered Weld Shear

Included Equipment

132 lb Blade Set
132 lb Blade Set
With Guards, 132 lb Blade Set
Without Blade Set

Optional Equipment

115 lb Shear Blade Set
132 lb Shear Blade Set
36 kg Shear Blade Set
